### El Orgasmo de Mi Vida (Entre Parentesis) Silvia C Carpallo

If you are no longer waiting for a Prince Charming, or for someone to ask you to marry them, or for a millionaire to hand you a visa, this book is for you. "El orgasmo de mi vida" is a realistic, lucid, and erotically alive story that combines all the wild passions of everyday women. They are the protagonists, writers without being told what to say, but, above all, they are composers and directors of the most harmonious orgasms of their lives. A housewife who alternates between the kitchen and the dungeon, an executive who discovers the rapture of another woman's lips, a love reunited after many sexual adventures, and the uncontrollable desire by man, this book rotates between stories of many everyday women."
