About the Author

The late Sir Peter Blake was one of the world's most successful and revered yachtsmen. Twice winner of the Whitbread Round the World Race, conqueror of the Jules Verne around the world record, and twice national manager of the victorious New Zealand America's Cup team, he had turned his questing spirit to the world's endangered environments. Determined to bring to the world's attention the plight of beautiful areas of the earth in danger of human destruction, his first and last expedition took him from Antarctica, up the east coast of South America and deep into the upper reaches of the mighty Amazon river. His mission nearly accomplished, he was murdered by pirates at the mouth of the Amazon in December 2001 in a cold blooded act that shocked the world
