Active Communication: Training Manual Matthew Westra

Using Matthew Westras conversational and class-tested book, students will learn the skills they need to take an active role in the communication process.

Appropriate for helpers-in-training from a variety of disciplines, including counseling, human services, psychology, speech communication, teacher education, business, and health, this book helps students learn to observe, reflect upon, and practice active listening in a helping environment. Interdisciplinary applications of listening and speaking are presented to help facilitate development of the specialized concepts that helping professionals employ.
